26 April 2021

Dear infinity partners' capital.

I would like to express my interest for a junior Software Developer position of the role which I saw advertised on LinkedIn. I have just finished undergoing Software Developer Internship at SPAR Group, with a Degree of Bachelor of Information Technology from Durban University of Technology.

Having undergone this internship for 16 months I have been exposed to different technologies such as source control (GIT), WordPress, building websites using HTML AND CSS, AZURE DevOps I have been part of a team working on C# project using Agile Approach.

Through this internship I have been challenged to learn teamwork, accountability, time management skills. Learning that at the core of every good software developer is the commitment to learning and growth. I have attached my resume to give extra detail about my background.

Thank you for your time and consideration I look forward to hearing from you.

Sincerely
Siphesihle Mlungwana
